This letter is being generated in order to transmit an initialed/signed copy of an Information Disclosure Statement PTO-form 1449), filed June 24, 2003, which had previously been overlooked during prosecution of the present case. The Examiner has now considered all of the references, and such consideration does not effect the patentability of the case, which was allowed on August 13, 2004. The references considered on the aforementioned IDS form shall appear under "References cited" on the published patent granted from this application.
